GET THE ANCHOR APP ON YOUR PHONE

anchor-internal.vercel.app

The Anchor App works best as a phone app. Add it to your home screen, sign in, and turn on notifications so you know the moment a REC request or commission claim comes in. Takes about **5 minutes**.

1. ADD IT TO YOUR PHONE (2 min)

APPLE IPHONE / IPAD

Safari browser

- 1 Open **Safari** and go to **anchor-sales-copilot.vercel.app** (or scan the QR code above).
- 2 Tap the **Share** button at the bottom (or top) of the screen. 
- 3 Scroll down and tap **Add to Home Screen** 
- 4 Edit the name if you like, then tap **Add** in the top-right corner.
- 5 The **Anchor icon** now appears on your home screen. Tap it to launch.

ANDROID PHONE / TABLET

Chrome browser

- 1 Open **Chrome** and go to **anchor-sales-copilot.vercel.app** (or scan the QR code above).

- 4 Confirm the name, then tap **Add** — choose **Add** automatically if prompted.
- 5 The **Anchor icon** now appears on your home screen. Tap it to launch.

2. SIGN IN (NO PASSWORD)

1. Open the app — tap **Sign in to Anchor**.
2. Enter your **work email**, send the code.
3. Enter the **8-digit code** from your email (check spam).
4. You're in — no password to remember.

3. TURN ON PUSH NOTIFICATIONS

Open the app from the **home screen icon** — not the browser tab.

Go to **Settings > Notifications** and tap **Enable Notifications** > Tap **Allow** > Tap **Send Test Notification** to confirm.

Nothing came through? Check your phone's **notification settings** for Anchor.
